There are a number of bulls in this sale that we consider to be calving ease bulls. Using a calving ease bull is essential to reducing calving problems and associated costs. They will enhance the reproductive performance in your herd. There have been tremendous improvements in the Angus population over the past few years; carcass quality is even better today and growth, muscle and feedlot performance are now at industry leading levels.*

*We look forward to seeing you on sale day. If we can be of assistance to you, please do not hesitate to call.*

Dear Bull Buyers,

It is with great pleasure that I was given the opportunity to work with the Lone Star Angus Alliance Bull Sale again this year. The improvement in value and quality made by the Alliance members in the last few years is impressive. There is no doubt that the Lone Star Angus Alliance customers can completely trust the fact that the members are committed to producing outstanding Angus seedstock.

We all know the challenges presented to us by the weather. This is something that the ranching industry is always facing, but also something we have no control over. What we do have control over is producing the most profitable animal possible. Whether that means weaning more pounds of calves from the year before, producing a more profitable carcass, or better feedyard gains, the genetics you purchase today will affect your bottom line. It cost just as much money to raise an average calf and it does to raise a superior one. Can you think of a better time to invest in efficient value-added bulls?

Please feel free to contact me at (512) 413-1610 if I can be on any assistance to you.

ACCURATION® brand feed

When it comes to optimal body condition, good-looking cattle are only part of the story. It also means they breed earlier, so they calve sooner and wean heavier calves. Give your herd the advantage with Purina® Accuration® feed featuring Intake Modifying Technology®. So your cattle and total net return can reach their highest potential.

To learn more about increasing breed-back rates and getting more from your herd, see your Purina dealer, call 1-800-227-8941, or visit [cattlenutrition.com](http://cattlenutrition.com).
